

Global Insights WEBINAR

Deep Dive Into Brazil

If you are already operating in Brazil, or plan to expand there, don't miss this chance to get well acquainted with Brazilian employee benefit expectations and trends.

During this webinar, Asinta Partners Cassio Giometti, International Benefits Director at SCIATH, and Mark Juneau, Director of Global Benefits Consulting at Alliant, will offer insights into Brazilian employee benefits. They'll discuss what's trending, what to be aware of during the hiring process, and some surprising facts you may not know.

Brand new to benefits in Brazil?

Here are some benefit basics:

- Brazil is one of the most underinsured countries in the world.
- For employees who do get employer-sponsored insurance, they care most about health insurance and their medical plan.
- When asked to rank three other common benefits in order of importance Brazilian employees typically respond with dental, life, and retirement benefits.
